

IMPORTANT INSTALLATION INSTRUCTIONS

The changes to the installation instructions of *TaxPartner* are found below:

I. For users who receive only *TaxPartner* (full version) and no other Folio products from Carswell:

- New/fresh installation has no changes. Please follow regular instructions from the Installation Guide found in the root directory of the CD or on our corporate website at www.carswell.com
- Update installation will prompt same screens as a new installation, and will install the new release while removing the previous release of *TaxPartner*.

II. For users who receive multiple Folio products from Carswell:

- New installation has no changes. Please follow regular instructions from the Installation Guide found in the root directory of the CD or on our corporate website. In this process, no other Carswell Folio products will be affected.
- Update installation will prompt same screens as a new installation, and will install the new release while removing the previous release of *TaxPartner*. Version 4.7.0 of Folio Views, however, will remain installed for use by other Carswell Folio products. Folio Views version 4.7.1 will be installed in a new directory.

III. For users who opt for manual installation:

- Please follow same instructions as before but do not delete Folio Views version 4.7.0.
- Create a new directory for Folio Views version 4.7.1.
- Please note that the following new Registry Keys should be created and redistributed:
HKEY_LOCAL_MACHINE\SOFTWARE\CarswellFolio471Enu
- The *TaxPartner* shortcuts will use Folio Views version 4.7.1 and the registry location will change accordingly, for example:
- "C:\Program Files\Common Files\CarswellEnu\Folio Views 4.7.1\Views.exe" - c:\SOFTWARE\carswell47interface\Enu\TaxPartner\Views "C:\CarswellEnu\TaxPartner\NFO\tax1-t.nfo"

- IV. For network installation**, please overwrite the previous CD image of *TaxPartner*.
- V. For client installation**, please follow steps I or II above.
