Aboriginal Law

New Edition

Aboriginal Law Handbook, 5th Edition

Othuis Kleer Townshend LLP

Aboriginal Law Handbook, 5th Edition

is a practical, unique reference work to the law as it affects Aboriginal peoples and organizations, for both lawyers and non-lawyers. It also features in-depth analysis on a number of legal and policy issues affecting Aboriginal peoples.

It includes summaries and discusses the current state of the law and policy about:

- Rights of Aboriginal peoples in Canada, including the constitutional framework; Aboriginal and treaty rights; the duty to consult and accommodate; UNDRIP and free, prior, and informed consent; land and land claims; and Métis and Inuit rights
- Aboriginal government issues, including self-government; international law and Indigenous sovereignty; bands, band councils, and reserves; *Indian Act* registration and band membership; and elections
- Aboriginal community issues, including community control of programs and services; and housing
- Topics affecting Aboriginal families, including marriage, separation, and divorce; child welfare; wills and estates; and the residential school settlement
- Various economic development and related matters, including protection, use, and management of lands and resources; community corporations; commercial relations and reserves; individual and corporate taxation; trusts for Aboriginal communities; employment relations; and human rights and privacy
- Justice issues, including criminal procedure; Aboriginal justice inquiries and commissions initiatives; and injunctions and blockades

Every chapter contains a brief summary of key issues to remember, as well as a bibliography of secondary sources for further in-depth research.

New in this edition

Aboriginal Law Handbook, 5th Edition

presents new and updated discussion on the following:

- Rapidly evolving issues related to the duty to consult Aboriginal communities, including emerging national and international standards related to “free, prior and informed consent”

- New developments in the field of Aboriginal economic development, including the evolution of impact benefit agreements, emerging structures for Aboriginal corporations, and resource revenue sharing; trusts structures that support community development; and taxation issues specific to Aboriginal communities
- Aboriginal family and social issues including marriage, separation, and divorce; child welfare; wills and estates; and human rights and privacy
- Aboriginal education, including the legacy of residential schools, and the work of the Truth and Reconciliation Commission
- Aboriginal justice issues, including inquiries and commissions on Aboriginal issues; criminal procedure in an Aboriginal context; Aboriginal justice initiatives; and injunctions and blockades

The 5th edition includes the following case law:

- *Bernard v. R.*, 2017 NBCA 48
- *Canada (Attorney General) v. Fontaine*, 2017 SCC 47
- *Chippewas of the Thames First Nation v. Enbridge Pipelines Inc.*, 2017 SCC 41
- *Clyde River (Hamlet) v. Petroleum Geo Services Inc.*, 2017 SCC 40
- *Descheneaux c. Canada (Procureur général)*, 2017 QCCA 1238
- *First Nation of Nacho Nyak Dun v. Yukon*, 2017 SCC 58
- *Gehl v. Canada*, 2017 ONCA 319
- *Goodswimmer v. Canada (Attorney General)*, 2017 ABCA 365
- *Kahkewistahaw First Nation v. Taypotat*, 2015 2 SCR 548
- *Ktunaxa Nation v. British Columbia (Forests, Lands and Natural Resource Operations)*, 2017 SCC 54
- *Ross v. Saskatchewan*, 2018 SKCA 12
- *Tsilhqot'in Nation v. British Columbia*, 2014 SCC 44

Essentials of Canadian Aboriginal Law

Kerry Wilkins

Essentials of Canadian Aboriginal Law is the print version of the *Canadian Encyclopedic Digest* title. The book discusses the current Canadian law about Indigenous peoples living in Canada. It deals with Canadian constitutional law and federal non-criminal statute law as they pertain to Indigenous peoples.

The book considers the most recent and noteworthy Supreme Court of Canada decisions, including:

- *Ktunaxa Nation v. British Columbia*: This case has contributed to the law on the Crown's duty to consult Indigenous communities
- *First Nation of Nacho Nyak Dun v. Yukon*: This case concerned the interpretation of modern treaties and, in particular, the Crown's obligations in the collaborative land use planning process established by the Yukon Final Agreements
- *Williams Lake Indian Band v. Canada*: In this case, the SCC discussed the Crown's fiduciary obligations to Indigenous peoples

The book also incorporates Bill S-3, which came into force on December 22, 2017. The bill amends the *Indian Act* in response to the *Descheneaux v. Canada* decision.

Behind and Beyond Boilerplate: Drafting Commercial Agreements, Fourth Edition

Cynthia L. Elderkin, B.A., LL.B., and
Julia S. Shin Doi, B.A., J.D. LL.M., CIC.C, ICD.D

This publication combines a practical approach by providing sample boilerplate clauses and explaining their meaning within a legal framework. It explains the underlying historical common law and equitable principles that gave rise to the use of such

boilerplate clauses and analyzes the judicial treatment of those clauses. The publication also addresses practical issues that may arise in the use of boilerplate clauses and makes recommendations on drafting such clauses.

New in this edition

Update of all case law affecting boilerplate clauses referenced in the third edition, including commentary on recent Supreme Court of Canada decisions that impact contract interpretation and boilerplate:

- *Teal Cedar Products Ltd. v. British Columbia*, 2017 SCC 32: scope of appellate intervention in commercial arbitration is narrow: deferential standard of review – reasonableness – “almost always” applies to arbitration awards
- *Douez v. Facebook*, 2017 SCC 33: two-step approach in determining to enforcement of a forum selection clause
- *Soboczynski v. Beauchamp*, 2015 ONCA 282, leave to appeal refused 2015 SCC: entire agreement clauses apply to anything said and done up to the moment of signing the written contract, operating retrospectively rather than prospectively – unless the entire agreement clause expressly provides otherwise
- *Sattva Capital Corp. v. Creston Moly Corp.*, 2014 SCC 53: approach to contract interpretation ought to be practical
- *Bhasin v. Hrynew*, 2014 SCC 71: duty of honest performance requires the parties to be honest with each other in relation to the performance of their contractual obligations

40th Anniversary Edition Contracts: Cases and Commentaries, Tenth Edition

David Percy, Q.C., and Stephanie Ben-Ishai,
Associate Professor

Contracts: Cases and Commentaries, Tenth Edition

continues to be the teaching tool of choice among Canadian contracts professors. This book allows students to learn the law of contracts by first gaining a familiarity with the substantive law. Substantive law includes the law relating to the formation of contracts, factors affecting the validity of contracts, and remedies for when a party breaches the contract. A familiarity with these principles will serve as a useful stepping stone to courses drawing on the general principles of contract law, such as the sale of goods, consumer protection, insurance, real estate transactions,

and labour law. This book will teach students how to engage in analyzing areas of law where overlapping or conflicting values are at stake, such as human rights law and property law, by reflecting on a value fundamental to the law of contracts, such as freedom of contract. Furthermore, this book will facilitate the acquisition of a variety of basic skills associated with the analysis and use of case law and, to a lesser extent, legislation. It is designed as an aid to the acquisition of these essential skills, via the study and discussion of the decisions of the courts, as well as statutory law and academic comment.

Charter Justice in Canadian Criminal Law, 7th Edition

Don Stuart, B.A., LL.B., Dipl. In Criminology, D. Phil.

This influential text provides a critical review of how the *Charter of Rights and Freedoms* is being applied in the criminal courts by the Supreme Court, courts of appeal, and trial judges. Important decisions and scholarly arguments are examined and updated.

Major Supreme Court decisions included in **Charter Justice in Canadian Criminal Law, 7th Edition** are:

- *Carter*: prohibition against doctor assisted suicide overbroad contrary to s.7
- *MacDonald*: police search on public safety ground requiring reasonable grounds
- *Fearon*: police search of cell phones incident to lawful arrest
- *Saeed*: penile swabs incident to arrest authorised if manner reasonable
- *Taylor*: section 10(b) rights applying where suspect taken to hospital
- *Hart and Mack*: Mr. Big confessions admissible if probative and not abusive
- *Anderson*: revised approach to reviewing prosecutorial discretion
- *St-Cloud*: public confidence ground to deny bail not only for rare use
- *Antic*: re-enforcing ladder approach for bail
- *Kokopenace*: lack of Indigenous people on jury polls not violating rights to jury
- *Jordan*: presumptive ceilings for s.11(b) right to trial within reasonable time
- *Paterson*: confirming *Grant* approach to robust s.24(2) exclusion of evidence
- *Nur and Lloyd*: section 12 grossly disproportional challenges to mandatory minimums

New Edition

Learning Canadian Criminal Law, 14th Edition

Don Stuart, B.A., LL.B., Dipl. In Criminology, D. Phil., and Steve Coughlan

Learning Canadian Criminal Law, 14th Edition continues to focus on tools students must acquire to be effective criminal lawyers, including critical skills. The aim is to explore substantive principles and the trial context: the adversary system, how elements of crime are proved, principles of act and fault, legal justifications and excuses, and sentencing principles. Integrated throughout is a consideration of the impact of the *Charter*. The focus is on major sources: the *Criminal Code* itself and key judicial decisions. Learning is facilitated by notes, questions, problems, and general review questions.

Learning Canadian Criminal Law, 14th Edition has been thoroughly updated and re-edited. Legislative changes considered include the new offence to criminalise the purchase of sex, anti-terrorism provisions enacted in Bill C-51, and limiting the partial provocation defence to murder. Also addressed are current Federal bills to remove *Criminal Code* provisions declared to violate the *Charter*, repeal anachronistic provisions, complex legal burden and reverse onus provisions, to amend sexual assault laws, and to return to discretion not to award victim surcharges.

Major new Supreme Court decisions include:

- *Tatton*: arson is a crime of general intent to which voluntary intoxication is no defence
- *K.R.J.*: Oakes test for demonstrably justifying *Charter* violations under section 1
- *Carter*: prohibiting assisted suicide as overbroad
- *Nur, Lloyd*: cruel and unusual s. 12 *Charter* standard against mandatory minima

Other major decisions are:

- *Barton* (Alta. C.A.): calling for new model jury instructions for sexual assault
- *Cormier* (N.B. C.A.): new defence of person and property
- *Willis* (Man. C.A.): duress no defence to murder
- *Campione* (Ont. C.A.): meaning of “wrong” in s. 16

Regulatory Offences in Canada: Liability and Defences, Second Edition

John Swaigen and Susan McRory

Regulatory laws pervade our lives, controlling how we do everything from parking the car to fixing the roof to disposing of nuclear waste. They are meant to control and reduce the risks we impose upon each other through activities as diverse as driving, earning a living, building a house, or running an atomic power station.

Regulatory Offences in Canada: Liability and Defences, Second Edition is a guide to the world of regulatory offences written by authors with over a half-century in practical legal experience in this area of regulatory law. This text focuses on the unique problems in enforcing and defending public welfare law, and it reviews the concepts that arise from the case law. Whether you are a judge, a lawyer, an investigator, or a business person, this text will assist you in navigating these tricky waters.

New in this edition

- Expanded and updated discussion of the application of the *Charter* to regulatory offences generally and to corporations in particular
- Expanded and updated discussion of Administrative Monetary Penalties
- The Supreme Court’s rulings in *Consolidated Maybrun and Al Lippert* on the availability of collateral attacks on an order as a defence in regulatory offences
- The Supreme Court’s recognition of a limited defence of officially induced error
- The Supreme Court’s resolution in *Hasselwander* of whether strict or liberal statutory interpretation applies to penal regulatory statutes
- Updated analysis of compliance audits as a factor in establishing due diligence
- Discussion of the “Westray” amendments to the *Criminal Code*

The Trial of Sexual Offence Cases, Second Edition

Madam Justice Michelle Fuerst, Mona Duckett, and The Honourable Judge Frank P. Hoskins

The Trial of Sexual Offence Cases, Second Edition is a basic guide to the relevant issues and authorities of which Crown counsel, defence counsel, and judges should be aware in cases of individuals charged with sexual assault or any of the related sexual offences. This manual is intended to be a starting point and quick reference source. The authors draw upon their extensive experience to provide step-by-step guidance for both Crown and defence, from the initial client interview to the completion of the proceedings in the criminal justice system, including sentencing. Among the topics addressed are the factors to consider, and procedures involved, in making a *Seaboyer* application, the topic of child witnesses, expert witnesses, third-party record applications, and publication bans. For ease of reference, the relevant statutory provisions, including those no longer in force that may apply in cases of delayed complaints, are set out in the Appendices. Also included in the Appendices are excerpts from *Watt’s Manual*

of *Criminal Jury Instructions, Second Edition*.

New in this edition

New and updated contents include:

- A new chapter on human trafficking
- Updates throughout the publication to reflect jurisprudential developments such as:
 - New Supreme Court of Canada and provincial appellate level authorities clarifying the scope of consent, vitiation of consent, including due to fraud (non-disclosure of HIV status) or bodily harm or incapacity, and the requisite elements to the mistaken belief in age defence
 - Recent provincial appellate level authorities regarding the application and scope of s. 276 of *Criminal Code*, including additional and recent examples of admissible and inadmissible evidence
 - Decisions regarding the importance of avoiding the stereotypes and myths in assessing of evidence during sexual assault trials

Uncrossing the Wires: A Guide to Effective Communication Between Media and Emergency Services

Sarah Edmonds and Brian Ward

Uncrossing the Wires: A Guide to Effective Communication Between Media and Emergency Services aims to improve communications between emergency services and journalists when news is breaking and tensions run high. The rise in natural disasters and terror attacks, and the social media-fuelled surge in rumour and misinformation, make it ever more important to ensure the public receives a fast and accurate flow of facts. Packed with anecdotes and wisdom from practitioners of both crafts who have experienced some of Canada's biggest crises at first hand, the guide outlines the fundamentals of sound emergency communication, why it is crucial to successful crisis management and why mishandling the message risks public safety and well-being. The guide also sheds light on how the digital and social media revolution has changed the game for journalists and communicators alike and offers real-world tips on the perils and potential of new technologies.

Environmental Class Actions in Canada

André Durocher

André Durocher's key new work **Environmental Class Actions in Canada** provides exclusive and authoritative coverage of prominent environmental litigation. Environmental issues are subject to intense scrutiny by the news media and come with high reputational risk to businesses and government entities.

Mr. Durocher, a leading practitioner in class action litigation and environmental law, approaches this complex field by reviewing the foundation of class action law in Canada and discussing its specific application to environmental issues.

Class action litigation is thoroughly explored, including how it works, the specific stages of such an action, and what every stage requires. The author also examines how environmental class actions have succeeded or failed and why. He analyzes the specific risks associated with this type of litigation, including key issues that can lead to legal liability.

This comprehensive new work will provide you with a complete exposé of relevant issues, such as:

- How to handle specific contamination issues
- How procedural aspects of environmental class actions impact time and budgets
- The most common issues likely to be certified, including punitive and compensatory damages
- When to move from a defensive mode to a settlement mode

Ian M. Hull, B.A. (Hons), LL.B., and Suzana Popovic-Montag, B.A. (Hons), LL.B.

This work details the process for the appointment of the estate trustee with a will, and at what stages the will can be attacked. The substantive grounds for challenging the will's validity are covered, including undue influence, fraud, lack of testamentary capacity, suspicious circumstances and improper execution of the testamentary document. The appendices contain a complete selection of estates forms under Ontario's Rules of Civil Procedure for use in contentious estates proceedings. The authors provide guidance for compelling the reluctant executor to produce the testamentary document, for revoking the appointment of the estate trustee where fraud has occurred, for making a claim against the estate, and for the appointment of an administrator pending the outcome of the litigation. Practice tips are also provided.

New in this edition

This new edition reflects a more nuanced understanding of the practical effects of the estate rules 74 and 75.

There are also eight new chapters:

- Locating Missing Beneficiaries
- Costs in Estates Litigation
- Breach of Fiduciary Duty Claims
- The Deemed Undertaking Rule and Estate Litigation
- Unjust Enrichment in Will Challenge Matters
- Solicitor's Negligence
- Acting for Children and the Mentally Incapable
- *Estate Administration Tax Act, 1998* Estate Information Returns

Mack's Expert Evidence Compendium – 2018 Edition

Dallas Mack and Louise Tansey

Expert evidence law has seen significant development in recent years. There is an increasing trend to have expert evidence tendered in court and the courts are being called upon with more frequency to rule on admissibility and probative value of such evidence. Equally important, the number of experts in this field is limited and access to commentary about those experts can be a valuable tool to assist counsel in trial preparation.

Mack's Expert Evidence Compendium – 2018 Edition is comprised of case digests summarizing, reviewing, and commenting on cases that consider expert evidence organized under specific topical areas. With the principles that govern admissibility of expert evidence in mind, this Compendium reviews areas of expert opinion evidence that have been advanced and the parameters and probative value of that evidence. The Compendium is an easily accessible and practical resource that will assist the practitioner in the identification of legal issues relating to expert evidence, the areas of expertise needed in a case, and the experts qualified in the applicable field.

All the information you need to connect to the right witness or challenge expert evidence can be found in this unique collection of digests that includes:

- A comprehensive review of expert evidence from all areas of expertise, sorted by subject matter
- A complete summary of the evidence, including the name(s) of the expert(s) who testified and the court's treatment of that evidence

New in this edition

- New expert evidence rulings from across the country, including decisions from Ontario, British Columbia, Nova Scotia, Newfoundland, Saskatchewan, and Alberta
- New sections reviewing expert evidence in the areas of "proceeds of crime and money laundering; nutrition; environmental science; footwear impressions; toolmarks; and video analysis"
- Numerous Court of Appeal rulings on topical and complex areas of expert evidence, including pathology and pediatric medicine, as well as cases involving competing experts

Family Law

New Publication

Support Rights and Obligations under Ontario Family Law

Robert M. Halpern, LL.B.

Edited by leading family law practitioner Robert Halpern, **Support Rights and Obligations under Ontario Family Law** is a comprehensive resource that addresses the many important issues relating to child and spousal support.

With contributions from across Ontario, the publication canvasses such topics as:

- Entitlement to support
- Quantum and duration of support
- Retroactive support
- Changes in support: variations, reviews, and alternatives
- Support on death
- Income tax issues
- Powers of the court
- Procedural and practical issues
- Enforcement

Support Rights and Obligations under Ontario Family Law expertly analyzes the essential legislation and case law, allowing the reader to fully understand the current state of the law in the complex yet crucial area of support.

"Although there are many texts on the issues of child and spousal support in Canada, I believe this to be the most comprehensive work on both child and spousal support and its related topics. Without question, this is a book that all family practitioners need to have on their bookshelf and, more importantly, on their desk. It will be a continuing reference book and will keep them fully informed of this vitally important area of the law."

New Edition

HANDI-GUIDE to Alberta's OH & S Act, Regulation and Code – 2018 Edition

HATSCAN, Don Buchanan

Alberta's new OHS Act – in force as of June 1, 2018 – brings major changes to the OHS regulatory landscape in Alberta and aligns Alberta's OHS legislation with other Canadian jurisdictions. Numerous updates have also been made to the OHS Regulation and OHS Code to align them with the Act. Plus, several key Parts of the OHS Code have been fully updated, including Part 13 (Joint Work Site Health and Safety Committees & Health and Safety Representatives), Part 27 (Violence and Harassment), and Part 29 (reflecting WHMIS 2015 requirements).

Some examples of the major changes to the Act include:

- Part 1 (Obligations of Work Site Parties) of the OHS Act updates the scope of duties and adds several new parties. Duties of employers, workers, contractors, prime contractors, and suppliers are updated; duties of supervisors, owners, service providers, self-employed persons, and temporary staffing agencies are newly added.
- Enshrinement of workers' OHS-related rights in the Act (Section 2, Purposes), including the right to know, the right to participate, and the right to refuse dangerous work.

- New requirement under Section 37 of the Act for employers (with more than 20 workers) to establish a written OHS program, with 10+ legislated program elements.
- New requirement for employers (with more than 20 workers) to establish a joint work site health and safety committee.
- Employers with 5 to 19 employees must designate a health and safety representative.
- Employers with fewer than 20 workers must involve workers (or the health and safety representative, if one is designated) in hazard assessment, elimination, and control.
- Multiple updated provisions on the reporting of serious incidents and potentially serious incidents; for instance, Section 40(2) of the Act sets out a new requirement to report injuries that result in a worker being admitted to a hospital. (This replaces the previous threshold of having to be in hospital for two days.)
- Updated provisions on the right to refuse dangerous work and a prohibition on discriminatory action.
- New definitions on violence and harassment; employers and supervisors have a duty to ensure workers are not subject to nor participate in workplace harassment or violence, and workers have a duty to not cause or participate in harassment or violence. Plus, violence and harassment prevention plans are required, in line with the updated Part 27 of the OHS Code.
- An updated, two-level appeals process.
- Updated requirements to provide workers with readily available OHS information, such as legislation, practices, and procedures.
- Key updates on a range of compliance and enforcement topics, such as orders (compliance orders, stop work, and stop use orders), inspections and investigations by OHS officers, acceptances, and approvals.
- New employer duty to provide a written report on steps taken to comply with an order.
- New provisions to expand the scope of creative sentencing.

The **HANDI-GUIDE** is a practical tool for workers, supervisors, and employers. Throughout, the **HANDI-GUIDE** provides timely insights and interpretation on the scope of these new legislative realities.

This edition includes:

A foreword on the new legislation written by well-known Edmonton OHS lawyer David Myrol.

The current version of the (new) OHS Act, plus regulations under the Act, including the updated OHS Regulation and OHS Code.

Seven interpretive chapters, with updated commentary and legislative references, to help you understand and interpret the law, including:

- A Regulatory Update, with discussion of many key topics, such as compliance and enforcement; joint committees and HS representatives; OHS program requirements; violence and harassment prevention plans; WHMIS 2015 content; update on convictions, offences, penalties, and ticketable OHS contraventions; and much more
- Chapter 1 – Key Responsibilities of Work Site Parties
- Chapter 2 – Due Diligence for Employers
- Chapter 3 – OHS Actions for Supervisors
- Chapter 4 – OHS Actions for Workers
- Chapter 5 – Joint Work Site Health and Safety Committees
- Chapter 6 – Online OHS Resources

Alberta Labour (OHS Branch), responsible for administering the OHS Act, has advised that they recognize the acceptability of the official published versions from Alberta's Queen's Printer, as well as copies as published by Thomson Reuters in the **HANDI-GUIDE**.

Human Resources

New Edition

Human Resources Guide to Discipline and Termination of Employment, 3rd Edition

Donald B. Jarvis, LL.B., and Carol S. Nielsen, LL.B.

Discipline and termination of employment are among the most difficult tasks that a human resources professional must face on a day-to-day basis. If an employer imposes discipline, it must be prepared to prove the incident(s) of misconduct took place, that the imposition of discipline was warranted, and that the penalty imposed was reasonable. An employer unable to establish the foregoing could face substantial consequences and liability. This book provides a comprehensive understanding of the relevant legal principles and will enable the employer to effectively utilize the disciplinary procedure, ensuring that employees carry out their assigned work in an orderly, efficient, and productive manner.

New in this edition

- An expanded discussion of the potential remedies/damages available before the Human Rights Tribunal of Ontario
- An overview of recently added leave entitlements in the *Employment Standards Act, 2000* as a result of Bill 148, *Fair Workplaces, Better Jobs Act, 2017*
- An expanded discussion of workplace violence and harassment, including a discussion of Bill 132, which introduced amendments to the *Occupational Health and Safety Act* designed to further protect workers in the workplace
- New case law regarding workplace violence and harassment, public criticism of an employer by an employee, innocent and culpable absenteeism, last change agreements, punitive and aggravated damages, and the deductibility of disability benefits from wrongful dismissal damages
- A discussion of workplace intoxication and substance abuse and an employer's ability to discipline its employees for such conduct
- A new chapter about employment contract clauses relating to discipline and termination of employment
- An overview of termination entitlements for federally regulated employees under the Canada Labour Code

Human Resources Guide to Mentoring Programs

Dr. Bobby Siu

Human Resources Guide to Mentoring Programs is a book about mentoring programs in the workplace, with a special focus on Canadian organizations. In essence, it presents the rationale and benefits of mentoring, along with several different models relating to mentoring programs and a practical, step-by-step approach for HR practitioners to adopt in setting up, implementing, and evaluating these programs. It begins with a definition, overview, and environmental scan of the meaning and status of mentoring programs and an identification of various patterns and trends driving the importance of mentoring within organizations. Various real-world approaches to mentoring are presented with a discussion on their pros and cons. The book then focuses on the rationale and business case behind mentoring programs, along with some of the challenges associated with managing those programs. It balances theory and practice and takes the reader through the process of designing, planning, implementing, sustaining, and evaluating mentoring programs within their own organizations. Throughout the book are tips, strategies, helpful hints, and best practices for human resources practitioners to follow.

Human Resources Guide to Social Media in the Workplace: A Canadian Perspective

Didier Dubois, CPHR, Emilie Pelletier, M.Sc., CPHR, and Katherine Poirier, CPHR

Human Resources Guide to Social Media in the Workplace: A Canadian Perspective is a practical guide that provides practitioners (especially in human resources, marketing, and communications, as well as employment lawyers and in-house counsel) with guidance in managing the use of social media in the workplace and drafting effective employment policies. Through concrete examples and illustrations derived from case law across Canada, this book provides information on the risks relating to the use of social media and the internet in general in an organizational context. It also covers the legislative framework and provides practical guidance and information on best practices

for managing social media in the workplace. The book covers issues such as the explosion in the use of social media, the proliferation of mobile devices and apps, big data, privacy and confidentiality, non-solicitation agreements, online reputation management, blogging, social media use for business purposes, social media policies, the role of various stakeholders, managing comments from third parties, avoiding conflicts of interest, managing off-duty conduct, and emerging discussions surrounding work/life balance and the right to disconnect after hours.

Legislating Statutory Interpretation: Perspectives from the Common Law World

Micah Rankin, Lorne Neudorf, and Christopher Hunt

Legislating Statutory Interpretation: Perspectives from the Common Law World

is a collection of essays focusing on the relationship between interpretation acts and statutory interpretation. The activity of interpreting statutes is often thought to be quintessentially judicial and is largely governed by common law rules and principles of statutory interpretation. Interestingly, however,

in every province in Canada (and in many other jurisdictions), parliaments and legislatures have enacted statutes that purport to dictate to courts how they should interpret legislation. For instance, section 8 of the *British Columbia Interpretation Act* states that “Every enactment must be construed as being remedial, and must be given such fair, large and liberal construction and interpretation as best ensures the attainment of its objects.”

What is the significance of these attempts by legislatures to direct courts to adopt a particular interpretive method, and one that is, moreover, essentially teleological in its orientation? From the standpoint of legal and constitutional theory, this incursion by parliament into this sacrosanct realm of the judiciary seems deeply problematic. Yet the truth of the matter is that courts have largely ignored these interpretation acts and applied a common-law interpretive methodology. With the help of leading legal scholars drawn from all over the Commonwealth, this text explores the relationship between courts and legislatures in establishing methodologies for statutory interpretation. Is this relationship constitutionally permissible? And if so, is it desirable? This collection of essays will explore these questions.

Managing Ethical and Legal Dilemmas: Critical Thinking in Social Work Practice

Rachel Birnbaum, Ph.D., RSW, LL.M., and Craig W. Sigurdson, CD, CYW, CAdd, BSW, MSW, RSW, LL.B.

Contributing Author: Shawn Renee Hordyk

Social workers and mental health professionals must develop skills to balance their roles as “human service” workers and actors in the legal system. Yet until they experience real-world situations, few have an opportunity to apply legal and ethical reasoning to the kinds of dilemmas faced in daily practice. Without legal training, it can be difficult to understand one’s legal roles and obligations.

Managing Ethical and Legal Dilemmas

examines specific problem areas involving children, families, agencies, legislation, and policymaking – brought to life by case studies and vignettes. You’ll develop the skills to apply ethical and legal decision-making to the kinds of situations you’ll encounter in practice.

Residential Tenancies, Eleventh Edition

Richard A. Feldman, B.A., LL.B., B. Ed., LL.M.

This comprehensive and easy-to-use text is authoritative and filled with practical information.

As a former Member of the Ontario Rental Housing Tribunal (now the Landlord and Tenant Board), author Richard Feldman brings his experience to bear in delivering a practical and accessible guide to landlords, tenants, property managers, legal representatives, students, and educators alike.

Highlights of this edition include:

- Commentary explaining significant amendments made since the last edition, including those intended:
 - To permit quick and quiet terminations of tenancies where a tenant or child has experienced violence or abuse
 - To expand rent control provisions to address the scarcity of affordable housing
 - To restrict circumstances in which a landlord may increase rent above the annual guideline amount, or in which a landlord may terminate a tenancy for personal occupation
 - To facilitate landlords seeking compensation for damage to the units caused by tenants
 - To permit a tenant to claim moving expenses where the landlord refuses the tenant’s return after extensive renovations had prompted the tenant’s temporary relocation
 - To require adoption of a standard

form lease for most private residential tenancy arrangements

- Reference to hundreds of new court and Landlord and Tenant Board decisions
- The full text of all relevant statutes, regulations, Landlord and Tenant Board Rules, and Interpretation Guidelines
- A complete collection of the Social Justice Tribunals of Ontario's Common Rules of Practice and Practice Directions
- A Quick Reference Guide to assist with the most common types of applications made under the *Residential Tenancies Act, 2006*
- Enhanced index for ease of searching

Taxation

New Edition

Canadian Taxation of Life Insurance, Ninth Edition

Manulife Financial, Tax, Retirement & Planning Services, Florence Marino, B.A., LL.B., TEP, and John Natale, B.Comm., LL.B.

For those who practice in the fields of estate planning and business or personal tax, a clear understanding of current rules for taxation of the life insurance policies and annuity contracts is vital. **Canadian Taxation of Life Insurance** is a unique and comprehensive reference source that provides inestimable assistance to lawyers, accountants, and financial and insurance advisors in evaluating, planning, and maximizing the potential benefits that life insurance products provide. The authors discuss in detail the use of life insurance in business and estate planning, including income tax rules applicable to life insurance policies from both a current and historical perspective. Extensive coverage is given to various insurance strategies, their tax consequences in corporate, partnership and personal contexts, as well as the accounting implications associated with these strategies.

Fundamentals of Canadian Income Tax, Volume 2: Corporate Tax

Vern Krishna, C.M., Q.C., LL.M. (Harvard), DCL (Cambridge)

Volume 2 of **Fundamentals of Canadian Income Tax** picks up from where Volume 1 left off, and examines the fundamental principles of corporate income tax law. This volume introduces students to the income tax implications of corporate, commercial, and family transactions. As with the first volume, the second volume also uses a building block approach, starting with basic and fundamental legal principles of alternative business structures and their income tax effects.

This volume looks at the underlying policies and structure for the income taxation of corporations and shareholders, financing arrangements for equity and debt capital, the use of professional corporations, the taxation of business and investment income of private corporations, shareholder compensation, and corporate distributions to shareholders. In addition, it examines the nature of corporate reorganizations, tax-deferred rollovers, and non-arm's length share transfers, amalgamations, winding-up, the taxation of non-residents, transfer pricing, and selected aspects of estate planning.

The text is current to January 1, 2018 and incorporates changes announced by the Minister of Finance, which were enacted into law later in 2018. It also contains a comprehensive glossary of tax and financial terms, which will be useful for students and practitioners in commercial practices.

The Law of Fraud and the Forensic Investigator, Sixth Edition

David B. Debenham, LL.B., LL.M., MBA, C.F.I., C.F.E., C.M.A., ACIS, DIFA

This book gives lawyers, accountants, internal auditors, and other investigators both an in-depth analysis of fraud, as well as the latest tools, techniques, and methods of handling internal or external fraud engagement. It will provide guidance in terms of documenting fraud, preparing evidence, conducting a fraud investigation, and acting as an expert consultant or expert witness in any eventual litigation or proceedings. **The Law of Fraud and the Forensic Investigator, Sixth Edition** represents the latest thinking on each area of the process, written by a commercial litigation lawyer, trained as both a management accountant and forensic investigator, who has been involved in several prominent cases as the head of the fraud recovery team.

New in this edition

- Updated chapters based on the most recent case law
- Revisions dealing with changes to money laundering and anti-corruption legislation
- New sections dealing with such emerging issues as identity theft, bitcoin frauds, frauds arising from the 2008 financial

crisis, and the psychology of the fraudster

Most books have chapters that introduce a topic, leaving it to the reader to do further research. Each chapter in **The Law of Fraud and Forensic Investigator, Sixth Edition** can be read independently, with readers benefiting from an in-depth exploration of the subject matter. Students and practitioners alike will find this publication a useful desktop resource and reference.

Damages/Remedies/Torts

New Edition

Canadian Tort Law in a Nutshell, Fifth Edition

Margaret Kerr, B.A., LL.B., M.A., Ph.D., JoAnn Kurtz, J.D., and Laurence M. Olivo, B.A., M.A., J.D.

Canadian Tort Law in a Nutshell, Fifth Edition, provides a succinct overview of Canadian tort law, incorporating the latest developments in an easy-to-understand format. It takes you step by step through the basic principles and issues in the law of torts in Canada.

Canadian Tort Law in a Nutshell is a well-organized and straightforward primer to the area, canvassing every aspect of tort law and practice. The authors highlight the leading decisions in the area, making the work an ideal starting point for students and professionals.

New in this edition

This edition starts with an overview of the development of tort law and of the legal system that administers the law, and takes the reader through the basic principles of Canadian tort law.

The authors clearly explain how the law of torts applies in practice, specifically addressing such issues as:

- Levels of Guilty Mentality
- Intentional Torts
- Business Torts
- Negligence and Proof of Negligence
- Defences to Negligence
- Special Categories of Negligence (including Occupier's Liability, Product Liability, Professional Liability, and Crown Liability)

- Strict Liability
- Vicarious Liability
- Damages in Tort

Since the last edition, the law of torts in Canada has continued to develop and evolve. This fifth edition features new commentary on areas of law that have been the focus of judicial attention, including developments in privacy-related torts, the liability of public authorities, causation, the tort of “unlawful means,” third-party and vicarious liability, and professional negligence.

HANDI-GUIDE to Saskatchewan's Occupational Health and Safety Legislation – 2019 Edition

HATSCAN, Don Buchanan

This handy, in-the-field reference contains the most important OHS legislation in Saskatchewan, plus interpretive commentary to help you meet or exceed OHS regulations, establish best practices, and understand the importance of OHS due diligence.

Durable, light-weight, and practical, the Saskatchewan **HANDI-GUIDE** is perfect at the office or on any worksite. It's a great safety tool for supervisors, workers, and safety leaders. It also helps with worker training, and increases worker and supervisor awareness of their responsibilities under workplace safety law.

Throughout, the **HANDI-GUIDE** provides timely insights and interpretation on the scope and realities of OHS regulations in Saskatchewan.

New in this edition

The **HANDI-GUIDE** includes new WHMIS regulations (reflecting WHMIS 2015 regulatory content) and the updated Mines Regulations (2018), plus updated commentary in six interpretive chapters, including a new Regulatory Update chapter. Each chapter includes updated commentary and legislative references to help you become familiar with the law and effective OHS compliance.

The new Regulatory Update chapter provides the latest information on legislative changes and OHS compliance in Saskatchewan, plus commentary on WHMIS 2015, the OHS Prime Contractor Regulations, and the Mines Regulations. Other topics include prosecution statistics, injury data, incident reporting, a listing of ticketable OHS contraventions, and much more.

Contents:

- Regulatory Update
- Chapter 1 – Key Responsibilities
- Chapter 2 – Due Diligence
- Chapter 3 – Actions for Supervisors
- Chapter 4 – Actions for Workers
- Chapter 5 – OH Committees and OHS Representatives
- Chapter 6 – Online OHS Resources

Plus:

- Parts I, III, IV, V, and IX of the *Saskatchewan Employment Act* (SE Act), covering all OHS-related provisions within the Act

- Occupational Health and Safety Regulations
- Occupational Health and Safety (Prime Contractor) Regulations
- Occupational Health and Safety (Workplace Hazardous Materials Information System) Regulations, which reflect WHMIS 2015 regulatory content
- Radiation Health and Safety Regulations
- Mines Regulations, 2018

Part III of the SE Act sets out key duties for worksite parties, including employers, workers, supervisors, contractors, prime contractors, owners, self-employed persons, and suppliers.

Updated commentary informs readers about these key duties and achieving OHS due diligence in your workplace or organization. The 2018 edition also informs users about many other important OHS topics, such as:

- Penalty amounts for offences under the SE Act or OHS Regulations, up to a maximum of \$500,000 for individuals
- Fines up to \$1.5 million for corporations that commit an offence
- Explanation of enforcement tools used by Saskatchewan's OHS Division, such as compliance understandings, notices of contravention, summary offence tickets, stop-work orders, fines and penalties, and prosecution
- Listing of summary offence tickets which can be issued for OHS infractions; these are "on-the-spot" tickets which can be issued by OHS officers to employers, workers, supervisors, contractors, suppliers, or self-employed persons
- Steps to take when launching an OHS complaint or appeal
- Discussion of OHS due diligence concepts, OHS program requirements for employers, and employer/worker cooperation on workplace safety, including information sharing and joint OH committees

Note: Saskatchewan employers have a duty to ensure a paper or electronic copy of the SE Act and OHS Regulations are readily available for reference by workers, joint OH committees, and OHS representatives. Section 18 of the OHS Regulation requires employers to provide workers with access to OHS legislation, while Section 3-16 of the SE Act requires employers to provide workers with other prescribed or relevant safety information.

Intellectual Property

Life Sciences Law in Canada, 2nd Edition

Adrienne M. Blanchard

A unique work in legal literature, **Life Sciences Law in Canada, Second Edition** provides a roadmap for protecting the intellectual property associated with medicines, medical devices, and natural health products in Canada, and for getting them onto the market and keeping them there. All of the legislation and regulation applicable to companies carrying on business in Canada in the life sciences, be they major, established pharmaceutical companies or small, fledgling start-ups is examined in detail.

Life Sciences Law in Canada, Second Edition contains plain language explanations demystifying essential regulatory requirements affecting the marketing of drugs, medical devices, and natural health products in Canada, including complex drug, medical device and natural health product legislation, and the Patented Medicines (Notice of Compliance) Regulations.

This edition details the patent, trademark, and copyright laws available to protect such products, such as biotechnological innovations and the enforcement mechanisms for those rights. Constraints on advertising and pricing in the field of pharmaceuticals, as well as business issues, including licensing, practices relating to outsourcing, and tax incentives relating to scientific research and development are addressed. It also outlines relevant international obligations that concern the life sciences industry, including a discussion of the mechanics of the Jean Chretien Pledge to Africa legislation.

An indispensable resource for the practitioner, this title provides practical information that focuses on actual problems and real issues. Plain English explanations of complex legal regimes and comprehensive appendices provide all the information required at the readers' fingertips.
