## Food Law and Policy in Canada

Editors: Heather McLeod-Kilmurray, Angela Lee, and Nathalie Chalifour

\$129

978-0-7798-9152-8

While food law has not yet crystallized into a systematic field of study in Canada, rapid unification of this field has recently occurred in the U.S., the U.K., and the EU, among other jurisdictions. What can we learn from them? What is unique about Canadian physical, cultural and social realities that require different approaches to the study of food law and policy in Canada? What is the most effective path to developing coherent and effective food laws that not only serve Canada, but also provide an inspirational model for other countries and enhance international collaboration on creating sustainable and just food systems?

**Food Law and Policy in Canada**, the first of its kind in the Canadian context, includes chapters from leading experts in the various sub-fields of food law and policy in Canada. The book has two parts. Part I, "Foundations of Food Law and Policy in Canada," provides a broad overview, with detailed appendices, of the essential laws, regulations, and policies relevant to food law and policy in Canada. Part II offers "Critical Perspectives" on issues such as emerging food technologies, animal rights, and food and gender, among others. As such, this book provides the basics for beginners, but also advanced critical and innovative thinking on emerging issues in this burgeoning field of law.

## Handling Summary Conviction Offences, 2020 Edition

The Honourable Justice Rick Libman, Ph.D., and Daniel Libman

\$116

978-0-7798-9167-2

**Handling Summary Convictions Offences, 2020 Edition** is a practical guide for the defence and prosecution of summary conviction offence cases. Summary conviction offences range from trespassing at night, causing a disturbance, and taking a motor vehicle without consent, to those where the Crown can elect to proceed by way of summary conviction or indictment for offences ranging from assault, theft under \$5,000, and public mischief.

This new annual text contains checklists, along with chapters following the successive steps in a case, including the first client interview, how to gather information such as disclosure, bail, pretrial motions, the elements of summary conviction offences to be proven, various defences that may apply, trial procedures, sentencing, and reviews and appeals.

There is also a chapter concerning ethical issues and obligations of the parties who appear before the Provincial Court: the duty of fairness on the prosecutor, which goes beyond the notion of merely “winning” or “losing” the case; the competency requirements imposed on legal service providers so that their clients fully understand the scope of the representation and their rights; and the duty of civility that applies to all those who appear before the Court.

Other topics include the importance of testimony from defence and prosecution witnesses that respects the process of the court, and accords with the rules of evidence and rules of court that apply to summary conviction offences.

# Government

## The Law of Democratic Governing, 2nd Edition

Gregory Tardi, B.A. (Hons.), B.C.L., LL.B., DJur.

**The Law of Democratic Governing, 2nd Edition** is a follow-up to Volume II of the original version of the book. It first establishes a comprehensive method of examining the workings of democratic government and governance by systematically classifying the institutions and processes of the modern state. It then examines each of the major aspects of democratic governing through the judgments of courts, as well as through other sources such as rulings by the Speaker of the House of Commons and case studies drawn from governmental practice.

This book concentrates on Canadian examples. However, it also draws on material from the U.S., the U.K., the Commonwealth and other jurisdictions around the world. **The Law of Democratic Governing, 2nd Edition** serves as a useful companion to *The Theory and Practice of Political Law*, now also in its 2nd edition. Both books emphasize the importance of the linkages and interactions among public law, public policy, and politics, united in the subject matter of political law.

#### Standing Order/Subscription Terms

Thomson Reuters Canada offers a wide range of electronic and print products for legal, tax, and business professionals. Products distributed by, but not published by, Thomson Reuters Canada fall within the terms and conditions of sale of the specific publisher.

#### Annual and Periodical Subscriptions

Unless otherwise instructed at the time of the order, purchasers are automatically placed on subscription and automatically renewed and invoiced for subsequent subscription periods. A shipping and handling charge is included on the renewal invoices to cover costs involved in the delivery of the updates/parts over the subscription period.

#### Bound Books

Unless otherwise instructed at the time of the order, we place purchasers of bound books on standing order to automatically receive replacement annual or biennial editions and supplemental material. If a new annual or biennial edition is published **within 60 days** of purchasing the prior edition, the new edition is supplied at no charge. Customers have the option of requesting to be placed on advise status for notification when new editions are published. *This policy is limited to single copy purchases and does not apply to bulk copy orders.*

#### Supplemented Books/Services

Purchasers are automatically placed on subscription for upkeep supplements. Supplements are invoiced as published – free if issued within 60 days of purchasing the supplemented book or service. Expansion volumes are invoiced as issued, regardless of the date the main work was purchased.

#### Payment Terms

All invoices are due and payable to Thomson Reuters Canada within 30 days of the invoice date unless otherwise noted on the invoice or agreed to in writing. A late payment fee of 1.5% per month is charged on all invoices beyond terms. You may pay by major credit card, cheque, or money order. If you require general information regarding a missing or damaged shipment, the status of an order/subscription or the cost of reinstating a cancelled subscription, please call Customer Relations (Monday to Friday 8:30 a.m. to 5:30 p.m. Eastern Time) at the numbers listed.

Prices are stated in Canadian funds. Customers outside Canada will be invoiced in equivalent U.S. funds. Prices subject to change without notice and subject to applicable taxes. From September 3, 2019, we will be adjusting prices to include shipping and handling.
